CAREER OBJECTIVE

I am a dedicated, quick-learning individual who values efficiency and hard work, particularly in the realms of React and Laravel. Proficient in fundamental React and Laravel development, coupled with MySQL database expertise, I command a strong foundation in HTML, CSS, JavaScript, React JS, Node JS, and OOP. My enthusiasm for these technologies drives me to embrace fresh challenges eagerly. I excel in collaborative environments, seamlessly integrating into both small and large teams. With a proven track record, I confidently thrive in any React and Laravel development role.

EDUCATION
